

**PHARMANUTRA S.P.A. TO ATTEND THE “EURONEXT STAR CONFERENCE 2025”
IN MILAN ON 25TH AND 26TH OF MARCH**

The Borsa Italiana event will be held at Palazzo Mezzanotte in Milan, bringing together a selection of companies listed on the Euronext Star segment together with numerous Italian and international institutional investors.

Pisa, 19th March 2025 – [PharmaNutra S.p.A.](#) (MTA; Ticker PHN), a company specialising in the field of iron and mineral nutritional supplements and medical devices for muscles and joints, **announces its presence on 25th and 26th of March** at the Euronext STAR Conference, an event aimed at small and medium-sized companies listed on the Euronext STAR Milan segment of Borsa Italiana.

Now in its 24th edition, the event represents a key moment for the Italian financial community. It is an opportunity for listed companies to dialogue directly with institutional investors, both domestic and international, through one-to-one meetings or in small groups.

PharmaNutra will be represented on the Stock Exchange by the entire Management Team, led by brothers Andrea and Roberto Lacorte, respectively President and Vice-President of the company, COO Carlo Volpi and CFO Francesco Sarti. The opportunity to argue the brilliant financial results approved by the board last week (see [press release](#) of 14/03/2025) and characterised by continuous double-digit growth in revenues and margins and the ability to generate high cash flows. A situation that allows the Group to look to future strategies and its growth drivers with solidity and great conviction.

Roberto Lacorte, Vice-President of PharmaNutra S.p.A., says: *“Once again this year we are pleased to take part in the Euronext STAR Conference in Milan, a venue that allows us to meet investors immediately after the approval of the annual results and where we can detail our achievements and share the next steps for PharmaNutra's future, both in terms of commercial and product potential and new markets”.*

PharmaNutra S.p.A.

Founded and led by President Andrea Lacorte and Vice President Roberto Lacorte, PharmaNutra is a company founded in 2003 that develops unique nutritional supplements and innovative medical devices, taking care of the entire production process. PharmaNutra is a leader in the production of iron-based nutritional supplements under the SiderAL® brand, where it boasts important patents on Sucrosomial® Technology, and is considered one of the top emerging players in the field of medical devices dedicated to the restoration of joint capacity thanks to the Cetilar® brand, now also on the market in the Nutrition version, a line of supplements designed for those who practice sports constantly. Over the years, the Group – present abroad in over 80 countries – has developed a precise strategy in the production of intellectual property, based on the integrated management of all components: proprietary raw materials, patents, trademarks and clinical evidence.
